

Flow-n-Five T&C's

South Coast United Mountainbikers Inc (SCUM) is pleased to be holding the 'Flow-n-Five Fest'; two events on the one weekend. Riders choose to do one or the other or jump in and do both. Saturday will see 'The Flow', a staged cross-country event taking in all the best bits of flowing singletrack that the area has to offer and then on Sunday it's 'The Five', a 5hr endurance MTB event tackling the course of Coondoo featuring the areas finest and sweetest singletrack.

Event Information:

Format: **The Flow** [Saturday] – A staged cross-country 'Flow-X' race, comprising of up to 4 short timed stages, with non-timed liaison rides in between so you can cruise and chat to your mates.

The Five [Sunday] – A Five (5) hour endurance event over an approx. 10km loop course (Solo, Pairs, Threes).

Registration / Fees: All details are available here http://www.scum.asn.au/the_flow-n-five.html

Facilities / Services

- Toilets will be provided at the event centre.
- Coffee, food & drinks will also be available from various vendors – so bring some coin for associated purchases. Riders are encouraged to bring their own water and go fast gels.
- First Aid facilities will also be available for anyone that needs assistance.
- Overnight camping is available for **free** in the State Forest at Coondoo. Campers should be self reliant on food, although toilets will be available for the duration of the event days.

The Course

The course for **The Flow** will be announced on the club website prior to the event. **The Five** takes on the Coondoo trail. A one-way, clockwise loop course of approximately 10km (depending on which device you use to measure it). It's predominantly singletrack with a few bits of fire road to allow for easier overtaking opportunities. The course will be well marked with arrows and bunting indicating directions and which way at junctions. The course is a 'fit for all abilities' course, whilst there are some areas where faster / harder or more technical "A" lines are marked, there are corresponding easier / slower "B" line for the less confident.

The race will start along a lengthy bit of fire road to sort out the self-seeding before swinging into the sweet single track of Kashmir, then you might Hear a Pin Drop?, before heading up Beach Street, through Hot as Hell into the Blair Witch. Cypris Hill will get you rocking. Give Gimlet a good push to gap your competitors. Later on head down into the 'bermalicious' Rocky and Bullwinkle then get ready to Rock N Roll before the finish climb ...

At the end of each lap all riders will pass through the timing area to get their race number recorded; this will be a slow point as rider will be channelled into single file to assist with the timing. After the timing area team riders can transition.

Rider Etiquette and Overtaking

Mountainbikers are in general a great bunch of people who all love to ride and have fun. At SCUM we applaud and encourage good riding and fair play; that means if someone is injured or needs assistance, offer them help or seek help from the marshals or event crew. Helpers will have times altered as appropriate.

With a large number of riders on the course, the need to overtake someone or be overtaken by someone else will happen a lot; often not at the most convenient time. The rider in front (being overtaken) should decide

when and where this overtaking occurs, but both riders should communicate to facilitate a safe and timely overtaking procedure. Riders of varying ability will be participating in the event therefore 'Patience', 'Communication' and a 'Thank you' are all going to be key factors when overtaking; please ensure it is done safely.

Some Fine Print

- No helmet, no ride.
- Registered riders only – racing plates / rider numbers will be issued to each registered rider & must be displayed clearly on the front of the bike throughout the event.
- Bike changes are permitted, but only at transition (race plates are rider specific (not bike specific) and must be changed over and displayed on the front of any bike ridden).
- A serviceable, well maintained bike is required; with 26", 27.5", 29", Fat Bike, Single Speed, Cyclocross and Monster Cross bikes are allowed. eBikers can also join in the fun (how long do those batteries last?).
- Transitioning riders should physically 'tag' the outgoing rider; once transitioned the returned rider should move away from the course to avoid collision with other riders.
- Finishing the race: Completing at least one full lap constitutes finishing the event; there is no set minimum time for completion apart from course closure time of approximately 1400hrs (will depend on race start time). Riders/teams wishing to cease before the full five hours can do so at any time however riders must notify the timing officials and race director of their 'completion' of the event.
- Cancellation / Withdrawal / Refunds: Coondoo is a resilient track and can cope with various weather conditions, however there may be circumstances (rain, fire, flood etc.) where SCUM along with partners Forestry NSW will have to make a decision about the running of the event; this could involve postponement or in the worst case cancellation. Full terms and conditions of refund policies etc. are outlined in the **Extra Fine Print** section below.
